Raleigh Neurology Associates Welcomes Sara Winchester, MD to the Practice.

Dr. Winchester will specialize in Pediatric Neurology at RNA's Durham Office

Raleigh, N.C. (September 10, 2010) – Raleigh Neurology Associates, P.A., a leader in comprehensive neurological treatment and care in the Triangle, is pleased to announce the arrival of Dr. Sara Winchester and welcome her to the Department of Child and Adolescent Neurology.

Dr. Winchester specializes in Pediatric Neurology. She is a member of the American Academy of Pediatrics as well as the American Medical Association. She is the recipient of the Howard King Award for Outstanding Patient Care (Newton-Wellesley Hospital), and she completed her Fellowship training at Duke University Medical Center in the Department of Pediatrics (Child Neurology). Additionally, Dr. Winchester is the mother of two young boys.

A child neurologist is an expert in the diagnosis and treatment of children with disorders of the central nervous system, which include the brain and spinal cord, as well as the peripheral nervous system, including peripheral nerves, neuromuscular junctions, and muscle. Some problems a child neurologist evaluates and treats are febrile seizures, headaches/migraines, seizures/epilepsy, cerebral palsy, muscular dystrophy, tics/Tourette syndrome, brain tumors, autism and developmental delays.

According to Raleigh Neurology co-founder and physician, Dr. Mitchell Freedman, “We are delighted to welcome Dr. Winchester to the Raleigh Neurology family! As an experienced child neurologist, Dr. Winchester will broaden and deepen the scope of pediatric neurological care offered here at Raleigh Neurology. We couldn’t be happier to have her on-board.”

Dr. Winchester will begin seeing patients at Raleigh Neurology’s Durham office at 4111 Ben Franklin Blvd. Durham, NC 27704 on Monday, September 13, 2010. To schedule a new patient appointment for your child with Dr. Winchester, please call our Durham office at 919-719-8834.

About Raleigh Neurology Associates:

Founded in 1983 by Dr. Keith L. Hull, Jr. and Dr. S. Mitchell Freedman, Raleigh Neurology Associates is now one of the largest neurology practices in the southeast. Raleigh Neurology Associates has grown in its 27 year history to a thriving neurology practice with two convenient locations throughout the Triangle, providing comprehensive neurological care for over 250,000 people in our community. While the practice's increased size enables Raleigh Neurology Associates to offer highly-skilled specialists in many neurological areas, it strives to maintain the same personal patient/physician relationship standards on which the practice was originally founded.
